**What is this webinar about?**

Raising capital is not just about having a great idea or a compelling pitch deck. It is about understanding how investors think, what they evaluate, and how to position your startup in a way that builds conviction.

This webinar is designed to give founders a clear, structured understanding of fundraising, from early-stage readiness to investor conversations.

**Key Takeaways**

- How to move from idea to investor readiness
- What investors actually evaluate beyond the pitch
- How to position your startup for funding
- Investor targeting and outreach strategy
- Understanding the complete fundraising process
- Common mistakes founders make during fundraising
- How to build investor confidence
